NEW YORK ADVERTISEMENTS.

SINGER'S SEWING MACHINES.

THESE celebrated muchines are in practical and profita-ble use in all parts of the civilized world. In all the

arious trades, and in sewing every sort of fabric, either of loth or leather, they have been fully trind and approved.

but SINGER'S MACHINES ALWAYS OPERATE PER-

FECTLY, being strong, durable and complete in contrivance and workmanship. A perfect sewing machine kept employ-ed affords a c'ear proût of \$1,000 a year; but an imperfect

one is a cause of constant vexation and loss. The entire

the eye, not to perform substantial work. The truth is, family sewing muchines ought to be much stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The muchines which have proved best for all other

purposes must be best for family use, and they are Singer's. The speed of our machines has lately been doubled. No

other own compare with them is quantity of work.

(**) New machines of the latest improved style will be exchanged on liberal terms for old sewing machines of our

own make, or for operative machines of other manufactures. Local agents wanted to sell our machines.

N. B.—All persons desiring full information about sewing

machines, can obtain it by applying for a copy of "I. M. Singer & Co."s (lasette," a paper devoted to the subject. It will be sent gratis.
